Center of Excellence in Management Studies

# Boston International College

## Introduction

Boston International College (BIC), an academic institution affiliated to Pokhara University, offers different programs at graduate and undergraduate levels. The college was established in 2009 and has been offering Master of Business Administration since 2017. The college also offers Bachelor of Business Administration (BBA) and Bachelor of Business Administration- Banking and Insurance (BBA-BI) and Bachelor of Computer Information System (BCIS).

Boston International College (BIC) follows research-based participative approaches to develop open minded professionals to meet the demand of the job market and a sound society. The college intends to be a center of excellence in management studies using the time-tested and student centered teaching-learning pedagogy as applied by the most happening business schools. Moreover, the BIC has coped with the modern challenges with the introduction of digital learning platform and dual faculty teaching mode which we believe will facilitate academia-industry interface.

The college provides experienced and internationally recognized faculty members, updated infrastructure, state-of-the-art computerized library and computer lab for all the students. The college also provides spacious classrooms to create a conducive environment for learning and interaction in a dynamic manner. Transformation of society by imparting quality education with academic excellence is the goal of the BIC.

### Mission

To develop management leaders & entrepreneurs who make a difference in the nation

### Vision

To build up an abode of management studies at its best

## Our Core Values

Participation

Innovation

Continuous Improvement

Sincerity

Honesty

Intellectual Excellence

Transparency

Professionalism

# Our Key Strengths

## Advanced MIS System with e-Learning Platform

The college provides a complete Management Information System (MIS) with e-learning platform which enables the students to learn from anywhere, anytime. With the COVID-19 pandemics, we have also introduced virtual teaching learning system to adapt the new normal in educational institution.

Our Learning Management System (Fuse Classroom), we believe, empowers our students to ownership of self-learning at their convenience. This has also helped our students to cope with the present crisis and engage in their academic and professional advancement.

## International Level Events & Competitions

The BIC believes in empowering the students through the engagement in different events and activities. Different international events and activities are regularly initiated and organized by the students of graduate and undergraduate levels.

## Communication and Language Lab (CALL)

Communication and Language Lab (CALL) is one of the major attractions of the college. CALL aims to develop English language and communication skills of the students who aspire to become effective and confident communicators. CALL provides a learning space to develop and improve oral communication and presentation skills.

CALL Lab is staffed with internationally-certified tutor and mentor to guide the public speaking in students, while also engaging students in the greater potential of effectively communicating with myriad audiences.

**PALPASA MANANDHAR**  
Deputy Manager  
HR at Sipradi Trading Pvt. Ltd

It was a very delightful experience interacting with the students of Boston International College (BIC). I found the students very interactive and engaged throughout the session. They were well-prepared for the guest lecture and had their questions ready beforehand which showed their enthusiasm to grasp the provided opportunity to learn new things. The depth students possessed on the subject matter as well as on the current affairs was also noteworthy.

I am sure this learning attitude and professionalism developed in the college will take the students far ahead in their respective careers.

## Regular Corporate & Industrial Trainings

We offer early opportunities for acquiring professional and corporate skills through regular workshops and trainings facilitated by corporate and industry experts. It helps to enhance students' soft and technical skills essential to be a successful businesspersons, entrepreneurs and management leaders.

## International Internship & Job Placement

The BIC strives to assist the students with their career and future goals. Through an internship, we provide students with exposure in the real working environment. An internship program, which is one of the academic requirements to complete the MBA program, is structured with three credit hours. The college has developed a corporate collaboration with different partner organizations with a focus on internship and placements. Students are required to go for an internship in an assigned organization for a period of 10 to 12 weeks. Students are required to present the Internship Project Report in the prescribed format. The evaluation of the internship shall be based on presentation of the Internship Project Report in a seminar and also by the concerned organization supervisor.

## Dual Faculty Mode (Academia-Industry Interface)

The college has adopted the Dual Faculty Mode of teaching learning (a healthy amalgam of regular national and international faculty and industry practitioners ) for building the strong partnership between academia and industry. This mode of teaching will bridge the gap between academia and industry practices.

Dual Faculty Mode helps to develop the practical and job skills required by the industry for the job placement of the graduates. We have introduced dual faculty system in each subject- one faculty from academia including International Faculty and at least one faculty from industry in the MBA. This system, we believe, will give the theoretical foundation and exposure to the real life corporate scenario.

**Mohan Thapa**  
Chief Manager-Human Resources  
MAW, Corporate Office  
Kathmandu, Nepal

It has always been a pleasure visiting Boston International College, Bharatpur for placements. MAW has been running a campus placement program for Management Trainees and Graduate Trainees where we seek out for the students with a good learning curve, positive attitude and diligence. The students of Boston College have always been supportive and shown an eagerness to learn new things.

BIC Startups is the Business Incubation Center of Boston International College. Business incubation is a process of providing physical, psychological, and professional network to support the entrepreneurial talents to achieve their entrepreneurial aspirations.

The role of BIC Startups is to provide the startup entrepreneurs with mentoring, guidance, technical support, financial support as well as counselling to implement their startups ideas and turn them into business ventures. It will help the most innovative startups to acquire funds from external investors also.

## State-of-the-art Infrastructure

The BIC provides student-friendly infrastructure, computerized library, well-equipped computer lab, spacious hall and conference room, classroom for digital learning and hygienic cafeteria. The college has air-conditioned spacious classrooms for pleasant ambiance to create a conducive environment for learning and interaction in a dynamic manner.

## Research & Publications

Apart from ensuring an in-depth academic knowledge, business research and publications contribute to the world of knowledge building process. The research and publication seek to contextualize its findings within the larger body of research and implication in solving the problems of the business community.

Boston Mirror and Boston Bulletin are the regular publications of the college which incorporate the research articles, writings and also reflect the academic activities with the active involvement of the students and faculty members.

**Santosh Shrestha**  
MBA Graduate,  
Managing Director, Bhajju Chulo  
Co-Founder, Everest lighting  
Technology

The MBA in Boston International College (BIC) is a program of study that equips you with skills related to business management and entrepreneurship. If you want to become an entrepreneur, I can strongly recommend you to join the BIC.

Becoming an entrepreneur is not an easy task, and though it seems exciting, it is not a walk in the park. This is where the advantage of an MBA comes in. This program can make an easy path for you to become an entrepreneur.

## Message from the Chairperson

**Ananda Bahadur Chand**  
Chairperson, BIC

Dear student & guardian:

Thank you for your belief and support, which have further energized us to contribute more in creating a civilized and progressive society. I am proud to announce that Boston education culture has instilled some novel skills and ideas into the young minds so that they are proven to be highly contributing professionals in different organizations and social institutions. Now, at this moment, I take this opportunity to welcome the young inquisitive learners at Boston International College with new vigor and enthusiasm.

We are marking a new milestone from this year both in our academics and career services. To strengthen our academics, we have established a dedicated research department that comprises both national and international experts. Geared to both academic and applied field, our MBA students will be doing at least two research works before their Graduate Research Project.

Likewise, we are also responsible for finding employment to our every graduate. Through our Campus Connect Program, we identify every student's career choice through a survey; then, we arrange to place them in the right positions after providing them employment training.

We believe you will feel proud to explore your academic and professional journey here at Boston, and our ever supporting members are always ready to provide you with excellent guidance.

## Message from the Academic Advisor

**Prof. Kundan Dutta Koirala, PhD**  
Academic Advisor

Dear students & guardians,

Boston International College (BIC) has been making a mark in the education map of Chitwan with its outstanding performance within the Pokhara University (PU) family. The University has entrusted the college to run their regular graduate and undergraduate programs in Chitwan.

I am overly happy to contribute my knowledge and experience for the proper shaping of the academic activities in BIC. Based on my interaction with the college management, I have gained much confidence that BIC tomorrow will be the most sought-after institution of learning in Nepal.

I wish all the best for the BIC family.

## Message from the Program Director

**Rishi Ram Chapagai**  
Program Director

Dear students:

Today, we live in a knowledge-based society where individuals and institutions attempt to maintain competitiveness and creativity by acquiring knowledge.

We are committed to providing quality education to aspiring students through the adaptation of distinctive and interactive ways of teaching-learning activities to satisfy the needs of the students and business community. The college stands in its endeavor to deliver knowledge to students in the business and management field. The MBA program offered by us is creative, flexible and internationally credited which accurately targets the skill development needs of the new front line managers and entrepreneurs. We support preparing professional managers, entrepreneurs and business leaders capable of handling business and management in a dynamic global business environment. Our goal is to remain the most preferred and premier institute for Business and Management education. We dream to be the backbone for our future Entrepreneurs, Managers and Leaders.

## Message from the Program Coordinator

**Jagdish Timilsina**  
Program Coordinator

Dear students:

It is my immense pleasure to welcome you in one of the glorious institution of Management in Nepal. The MBA at BIC is all about innovative thinking, leadership, and constructive impact. Our students capitalize on the opportunity to pursue wide-ranging topics to prepare them for their future management careers through a blend of coursework, internships, lectures by eminent visiting faculty/business leaders and peer-group interactions. On completing their MBA course of study, our students become part of a very prestigious network of the highly committed business community.

Our MBA graduates have generated global renown for the Institute by exceeding the expectations of recruiters and peers for more than 3 years. Our alumni have created a strong legacy in their chosen area of work - be it in the corporate, government, entrepreneurship, not-for-profit, or academia arena.

We wish to make education at our institution, a total experience where students strive for high academic perform, participate in all institute activities with enthusiasm and yet actively involve themselves with community welfare project.

# MBA Program | Introduction

“ **MASTER OF BUSINESS ADMINISTRATION (MBA) IS A GENERAL MANAGEMENT DEGREE TAUGHT FROM A GLOBAL PERSPECTIVE THAT PREPARES STUDENTS FOR A RANGE OF MANAGEMENT CAREERS.** ”

The MBA program is a comprehensive program that provides indepth understanding of business and management functions. This course helps students to learn leadership and entrepreneurship qualities, and develop their problem-solving and analytical skills, which are much required in today's competitive and complex business world.

## The program specifically intends to:

- develop resourceful individuals capable of addressing the business and management challenges of the 21st century.
- broaden the career prospects of participants by imbibing a strategic outlook in them.
- enhance their initiative and employability by developing their professionalism.

## Application Procedure

Students, who have completed or are expecting to complete his/ her minimum three years Bachelor's Degree or equivalent level with at least a second division score or 2.0 CGPA on a scale of 4.0 from the universities recognized by Pokhara University can apply for the MBA admission. Every year there are two admhission sessions, Fall (August intake) and Spring (March intake) session. However, students can apply for admission throughout the year. The application form must be filled and submitted to the college admission office. The applicant should attend and pass the Pokhara University Management Admission Test (PUMAT). The successful candidates of the PUMAT will face a selection interview.

Note: An undergraduate student who has completed the qualifying educational level and waiting for the final results may apply on a provisional basis.

## Boston Research Department (B-RD)

Boston International College has recently strengthened its infrastructure with research department to match its academic excellence to the International Standards. Being one of a fastest growing college in Nepal, BIC has adopted latest academic and applied research approach in management discipline through continuous capacity development program in research for faculties and students, graduate research project and project work. Fundamentally, from this academic year, Boston Research Department has developed structured plan for publishing research journal and conducting national & international research conferences which will enable to achieve progressive growth and prosperity. Moreover, B-RD gives value addition to our society and academic developments that ensure betterment to our future citizens.

### Message from the Head, B-RD

**Postraj Pokhrel**  
Head, B-RD

B-RD is a team which is focused on developing, and maintaining research based learning environment in the college through management research activities including project work, academic & industrial research works, periodic publication of research journals, research trainings and research conferences on a planned basis underlying established standard operating procedures.

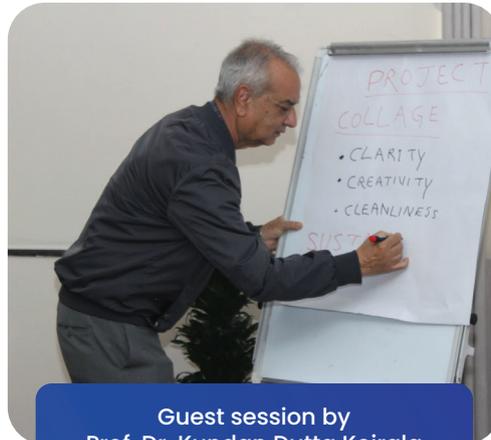

B-RD shall emphasis on involving the BIC human capital on research along with collaborating with different institutes thereby achieving the research excellence and contributing as research partner to the national and industry level.

## Graduate Research Project (GRP)

Students are required to undertake a Graduate Research Project (GRP) and prepare an integrative research report in any area of management as approved by a research supervisor at VI trimester. Students are required to attend the viva-voice examination and give a presentation of their research work as organized by the college.

MBA students during orientation session

**Jyoti Poddar**  
MBA graduate  
Faculty Member, BIC

After completing my BBA, I was in search of an MBA college where I can experience an international level MBA degree. I am happy to state that the MBA in Boston was a right choice according to my expectation.

The regular international faculty members, regular corporate exposure, conferences, seminars, trainings, entrepreneurship and incubation centre, and other academic activities are the major strengths of the college. If you want an international flavor in your MBA degree, I strongly recommend you to join MBA at Boston.

## Activities

### Venture Studio

Venture Studio is an institution (club) of MBA students formed with an objective to organise events and activities related to entrepreneurship. The club is also a place where students can incubate business ideas and convert those ideas into commercial ventures. The focus of this group/club is to champion and campaign entrepreneurship related issues, events, programs, researches and activities.

### Boston Event

Boston Event is a club conceptualized and initiated by MBA students to organise, coordinate and manage the major events of Boston International College as well as initiate events of its own. The goal of this club is to create a platform to practice management skills in event management. Boston Event is in charge of organizing events like Boston Fiesta, Boston Endeavor, Sports Week, Boston Avenues, etc.

### Research Lab

Research Lab is the wing of Boston International College formed by MBA students with the vision to initiate research activities and create research publications. The club performs both action research and academic research. Besides, it performs qualitative research like case studies. Overall, the objective of this club is to develop and enhance research skills among its members.

## Testimonials

I came to know about the MBA program in Boston after completing my BBA in one of the colleges in Kathmandu. I was skeptical about the quality of college initially, but a single visit to college made me sure about the professionalism and quality they can deliver.

I developed managerial and analytical skills during my MBA course. The conducive environment for overall development of a student to be competitive in the job market is what I like the best about the college.

College placement at MAW opened the avenues for my professional career. Thank you Boston family for giving an opportunity to explore my potentials and broaden my professional and personal horizon.

**SUVEKSHYA BHATTARAI**

MBA graduate  
Senior Brand officer, Marketing  
YAMAHA, Tripureshwor

Two-year MBA at Boston International College has been fruitful to me. It has sharpened my knowledge and improved my analytical skills. Currently, I am working as an assistant relationship manager on credit department of Bank of Kathmandu, Narayangarh Branch.

**SAPHALTA RUWALI**

MBA graduate

Coming from engineering background, I was in search of good management college for a smooth transition to Business and Management. And to be honest, the transitional phase from technical background to management studies was very smooth after I joined the MBA program in Boston.

**Er. Utsav Sapkota**

MBA VI Trimester

I choose to learn from the best. Boston's MBA programme turned out to be a blessing in disguise. Throughout my two years of MBA at Boston International College, I had countless opportunities to develop analytical, leadership and proactive thinking skills from various programs and events.

Excellent national and international faculty members with interactive sessions made this journey completely worthwhile. The best of the college is its teachers and facilitators who believe in group learning. Interactive sessions that are held regularly give us ample opportunities for one to one interaction and provide us excellent learning environment.

**Jagdish Panta**

MBA VI Trimester

# BIC Startups

Business incubation is a process of providing added support to potential entrepreneurs who have business ideas. These ideas may be incomplete, not well defined and not well planned and therefore have higher possibility of failure. The role of business incubation is to provide the startup entrepreneurs with the much needed mentoring, guidance, technical and financial support as well as advice to implement their startups ideas and turn them into business ventures.

Boston International College has initiated an incubation center under the name "BIC Startups" which will provide its support to the potential entrepreneurial talents of Bharatpur city along with students of Boston International College.

## Message from the Head, BIC Startups

**Prem Nath Gaire**  
Head, BIC Startups

Students have abundant business ideas, however, executing them is a challenge in today's highly competitive business environment. Not to mention the chaos caused by lack of right skill sets and experience. We, at BIC Startups, help such entrepreneurial students - Bostonian and beyond - realize their entrepreneurial ambitions by providing them office space, financial support, training, networking support and mentoring. Our efforts are geared towards creating and nurturing an entrepreneurial ecosystem in Chitwan district.
